Competent Leader

Developing and Enhancing Leadership Competencies

Leading in today's dynamic and volatile business climate is more challenging than ever before. This twelve session course is targeted to develop and enhance leadership competencies by inspiring participants to become high-performance leaders. Sessions include the utilization of theory, experiential learning, multi-media presentations, and group activities to encourage participants to build upon past performance and achieve higher standards. Each session is designed to facilitate active learning discussions and build upon experiences while discovering new ways to lead.
